**HKACC Website Revamp Project:
Update with Final Reminder on Unit User List Submission for Member Login Accounts**

Reference is made to MSG 159/26 dated 10 August 2026 regarding the submission of the Unit User List for the Member Login Portal.

Clarification on Parental Emails for Younger Cadets

In response to recent enquiries regarding email addresses for younger cadets:

- **Parental Emails Welcomed:** It is entirely acceptable for younger cadets to register using their parents' email addresses. The system uses these addresses strictly for initial account activation and password recovery.
- **Parental Support:** Parents are encouraged to assist in managing portal logins for younger cadets to ensure they stay informed of Corps notices, Routine Orders, and updates.
- **Future Updates:** Cadets may update their registered email address with HQ later once they establish their own personal email accounts.

Important Updates & Key Reminders

- **Next Application Window:** Following the closure of this exercise on 31 August 2026, the batch account creation exercise for existing members will be frozen. The next open window will only be available in **June to July 2027**.
- **Target & Verification:** Only **active members (Cadets and Senior Members)** will be processed. All entries will be cross-checked against serial numbers by HQ Staff. Reserved members will not be entertained.
- **New Joiners Arrangement:** For newly enrolled cadets and Senior members, accounts will not be created immediately upon enrollment. Units must submit the member's email address using the standard template **within 3 months** after submitting the official enrollment form to HQ.
- **Credentials & Regulations:** Account login details and the Member Account Rules and Regulations will be dispatched directly to members upon successful account creation.

Extension & Action Required

- Units that have not yet submitted their lists are urged to compile and email the completed template to webrevamp2025@aircadets.org.hk on or before **31 August 2026 (Monday)**.

Current Submission Status

Submissions have been received from several units. Please refer to **Appendix A (attached)** for the list of units whose user lists have been received and logged. Contact may be made through email for some clarifications on received submission.
