American Heart Association (AHA) Basic Life Support for Healthcare Providers Course (BLS-P)

The **Basic Life Support for Healthcare Providers Course** aims to provide BLS knowledge and skills of CPR for victims of all ages (including ventilation with a barrier device, a bag-mask device, and oxygen), use of automated external defibrillator (AED), and relief of foreign-body airway obstruction (FBAO). This program involves multiple learning activities including videotape, practical session and instructor discussion.

Successful completion of BLS training according to the standards of the American Heart Association requires candidates to achieving the following:

1. Successful demonstration the skills on Adult CPR & Use of AED, one & two rescuer on infant CPR.
2. Achievement of a satisfactory score on the Post-course written examination (84% of 25 Multiple Choice Questions)

Upon successful completion of the BLS Course for Healthcare Providers, an **AHA BLS completion card** will be awarded. It is strongly recommended that candidates read the **AHA BLS Provider Manual** prior the class that can be collected after successful registration. Early registration and collection of course materials is much encouraged.

The **Caritas Medical Centre Resuscitation Training Centre (CMCRTC)** is the first Training Centre of the American Heart Association (AHA) in Hong Kong. With the co-operation of Hong Kong AHA International Training Organization, the Centre has conducted ECC BLS and ACLS training since August 2000.

Course Venue: 5/F, Wai Oi Block, Resuscitation Training Centre (RTC), Caritas Medical Centre, 111 Wing Hong Street, Shamshuipo, Kowloon, Hong Kong.

Time: 08:30am – 13:00pm (half-day course)
